

The Conception Seminary College Library hosted an open house today, Thursday, August 25th, from 2:00 - 4:00 pm. The library staff provided homemade cherry limeades, homemade cookies, M & M's, and many other snacks while also hosting a drawing for prizes. The open house allowed seminarians a chance to become more familiar with the library staff and the various tools the library has to offer the student body. A special thank you to the library staff for hosting this delicious and informative event!
